# **ETO 40 MH**

Overcenter material handler

# **Insulated Power**

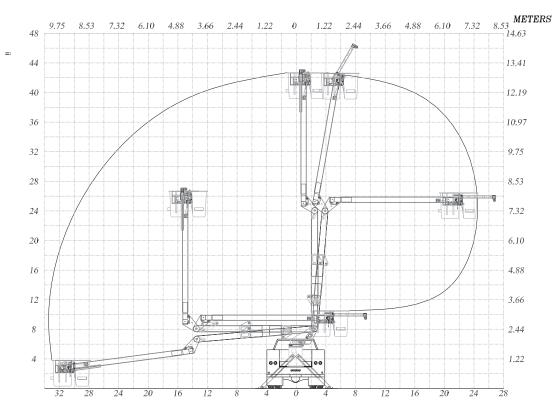

The ETO 40 MH is an articulating material handler that is a powerful insulated unit with a host of standard and optional features to satisfy the needs of our customers. With a working height of 45 feet, this unit offers continuous rotation, full pressure hydraulic controls, two sets of outriggers and a 400 pound bucket capacity as standard features. This model also offers powerful material handling capabilities with a hydraulic winch and a 5' jib that can lift up to 1,000 lbs. A hydraulic jib extension, outrigger/boom interlock or emergency hydraulic power are among

the many options available.
